

## Steven T. Forman, M.D., F.A.C.C.

Dr. Steven Forman joined Los Alamitos Cardiovascular in 1999, and has been its managing partner since 2005.

“ Recognizing that each patient's needs are unique is one of the most important aspects of practicing good medicine. That understanding requires a professional commitment to engage every patient in a special, working partnership in order to ensure the finest care be given at all times...

Specialty:	Cardiology, Interventional Cardiology, Endovascular Diseases

Additional Research Experience:

- Systolic and diastolic myocardial dysfunction during endotoxemia in pigs. Proctor: Roy D Goldfarb, PhD Department of Physiology, Albany Medical College, 1989 - 1991
- A Phase III, double-blind, randomized placebo-controlled study, to evaluate the effects of dalcetrapib on cardiovascular (CV) risk in stable CHD patients, with a documented recent Acute Coronary Syndrome (ACS).  
Sponsor: F.Hoffmann-La Roche Ltd. Hoffmann-La Roche, Inc. Roche Global Development
- A Multi-center, Randomized, Controlled Study to Investigate the Safety and Tolerability of Intravenous Ferric Carboxymaltose (FCM) vs. Iron Dextran in treating Iron Deficiency Anemia in Subjects Who Are Not Dialysis Dependent.  
Sponsor: Luitpold Pharmaceuticals, Inc.
- A Phase3, randomized, Double-Blind, Double-Dummy, Parallel Group, Multi-Center, Multi-National Study for Evaluation of Efficacy and Safety of DU-176B Versus Warfarin in Subjects with Atrial Fibrillation - Effective Anticoagulation with xA next Generation in Atrial Fibrillation. (ENGAGE-AF).  
Sponsor: Daiichi Sankyo Pharma Development
- Freedom - A Frequent Optimization Study the Quick Opt™ Method.  
St Jude
- Registry of AT/AF Episodes in the CRM Device Population: Rate Registry.  
St. Jude
- PA 32540-302: A 6-Month, Phase 3, Randomized, Double-Blind, Parallel-Group, Controlled, Multi-Center Study to Evaluate the Incidence of Gastric Ulcers Following Administration of Either PA32540 or Enteric Coated Aspirin 325 mg in Subjects Who Are at Risk for Developing Aspirin-Associated Ulcers.
